ABOUT HECUBA

Surfaces made to be lived with, *beautifully.*

Hecuba brings porcelain craftsmanship to the heart of the bathroom. Every basin in this collection is shaped from strong, vitrified porcelain slab – the same dense material used for premium floors and walls – and finished in glossy, high-gloss and matt-carved surfaces inspired by natural marble and onyx.

From compact wall-hung basins with a matching shelf to sculptural free-standing pedestals, each piece is designed to bring together function and aesthetics – made to inspire sophistication and style in every space, and built to keep looking new for years.

Fireproof & heat resistant

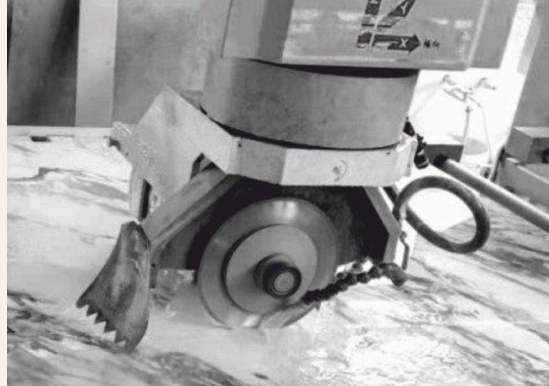

Contact with hot objects causes no deformation and no odour.

Stain resistant & easy to clean

Resists dirt and stains – a wipe with a damp cloth and it is clean as new.

“Quality is priceless — we are here to serve you.”
